

Sight to See Patient Checklist

Please bring the following to your eye exam:

- Photo identification (unless you're a minor)
- Vision insurance information
- Medical insurance information
- A list of all current medications (including all over-the-counter medications and supplements)
- Any eyeglasses that you are currently using or routinely use (even readers)
- Contact lens information (including an empty contact lens box and the name of your contact lens solution)
- Both the Patient Information Form and the OPTOS form, printed and filled out
- If you are under the care of an ophthalmologist, please bring in the name and number

IF YOU ARE A DIABETIC, PLEASE BRING EVERYTHING LISTED PLUS WHAT IS LISTED BELOW.

- A copy of your last A1C or at least know the date of the last test and results
- Know your average blood sugar level from the last few weeks
